

ANYANWU EMMANUEL NNAEMEKA

SOFTWARE DEVELOPER | FULL-STACK WEB DEVELOPER

Imo State, Nigeria • 08038599808 • emmytech3131@gmail.com • emmcore-portfolio.vercel.app
GitHub: github.com/emmytech3131 • LinkedIn: linkedin.com/in/emmytech3131

PROFILE SUMMARY

Software Developer with practical experience building and maintaining modern web applications, debugging complex software issues, engineered APIs, and deploying production-ready full-stack solutions. Experienced across e-commerce engines, secure authentication matrices, granular cart operations, payment gateways, unified administration panels, and background database handling. Focused on delivering highly performant, responsive systems while perpetually expanding technical specializations.

TECHNICAL SKILLS

- Frontend: React.js, Vite, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Design Layouts
- Backend & APIs: Node.js, Express.js, REST APIs, Cryptographic Authentication, RBAC Authorization, Webhooks
- Databases: MongoDB, Mongoose ORM, Data Modeling & Structuring
- DevOps & Tools: Git, GitHub, Vercel, Postman API Testing, Runtime Debugging, Diagnostic Troubleshooting

EXPERIENCE

- PROGRAMMERS CITY HUB — Staff / Software Support & Debugging2024
 - Isolated and resolved architecture runtime bugs and application errors to ensure service continuity.
 - Troubleshot environment conflicts and refined algorithmic paths toward optimal practical solution baselines.
 - Assisted in code-level maintenance protocols, improving long-term application performance scaling.
 - Provided technical diagnostics and system support vectors to clients and engineering teams.

- WINSTECH — Assistant Manager2025
 - Spearheaded operational optimization protocols across business workflows to sustain daily uptime standards.
 - Resolved nuanced client operational issues and technical inquiries with clear communicative precision.
 - Coordinated cross-functional task pipelines to ensure project delivery metrics remained aligned.
 - Fortified deep foundations in modern agile team collaboration, customer success, and strategic business systems.

SELECTED PROJECTS

- EmmCoreShops — Full-Stack E-Commerce Platform | emm-core-shops.vercel.app

Architected a secure, resilient production-tier platform empowering granular user shopping workflows alongside a fine-grained admin management dashboard tracking platform metrics.

Features: Elastic product queries, localized state management cart, tokenized checkout channels, real-time payment integrations, explicit admin metrics tracking, and wishlists.

Technologies: React.js, Vite, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose.
- EmmCore Portfolio — Personal Developer Portfolio | emmcore-portfolio.vercel.app

Engineered a fully fluid, highly optimized personal showcase detailing active web architectures, production systems, and engineering capabilities.

Technologies: React.js, Vite, Tailwind CSS, Native JavaScript Engine.

EDUCATION

FEDERAL POLYTECHNIC NEKEDE, OWERRI — Higher National Diploma (HND), Computer Science 2024

Owerri, Imo State, Nigeria

CERTIFICATIONS

- **Full-Stack Web Development Specialization** — Programmers City Hub
- **Advanced Responsive Web Design & JavaScript Architectures** — Independent Technical Portfolio Validation
